

CryptoApp Installation Guide

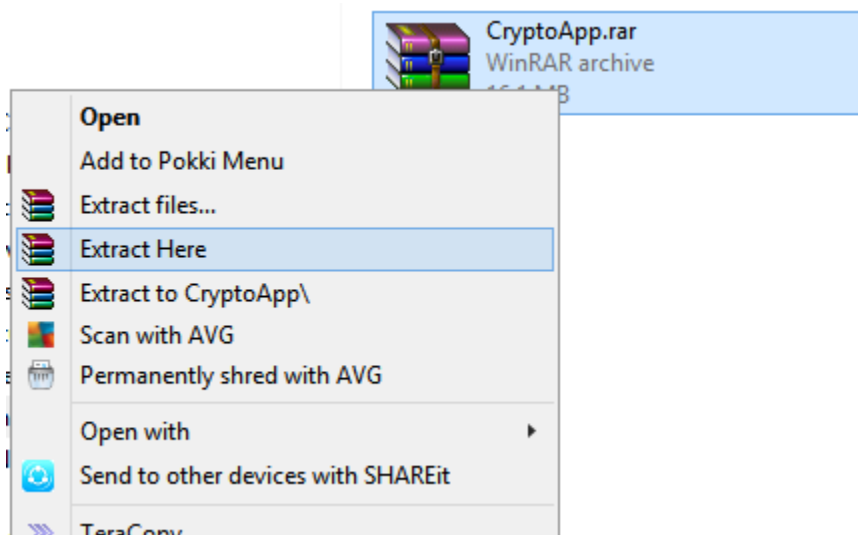

1. Click <http://www.embeddedntt.org/products/CryptoApp.rar>
2. Wait till the download process complete
3. The downloaded file will look like

4. Copy this file to

C:\Program Files\ (or) where ever you want in **Local Hard Disk**

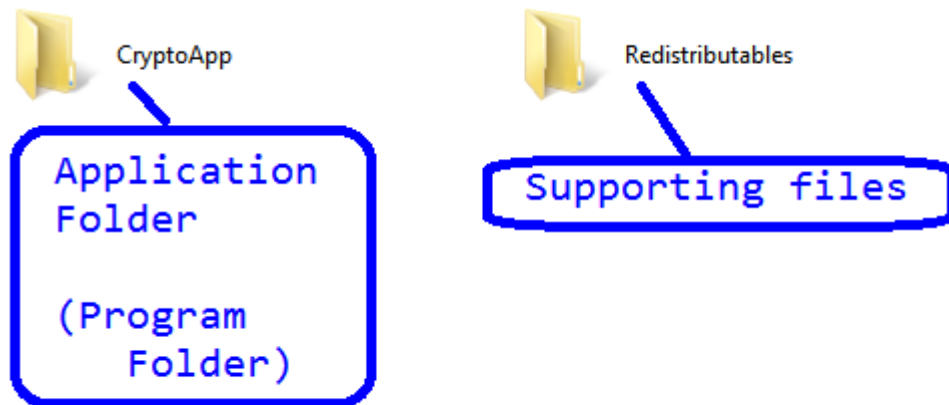

5. **Right-click** the file and select “Extract Here” option as follows

6. A new folder named “PACK” will be created as follows

7. Open the folder - there we have two sub-folders as follows

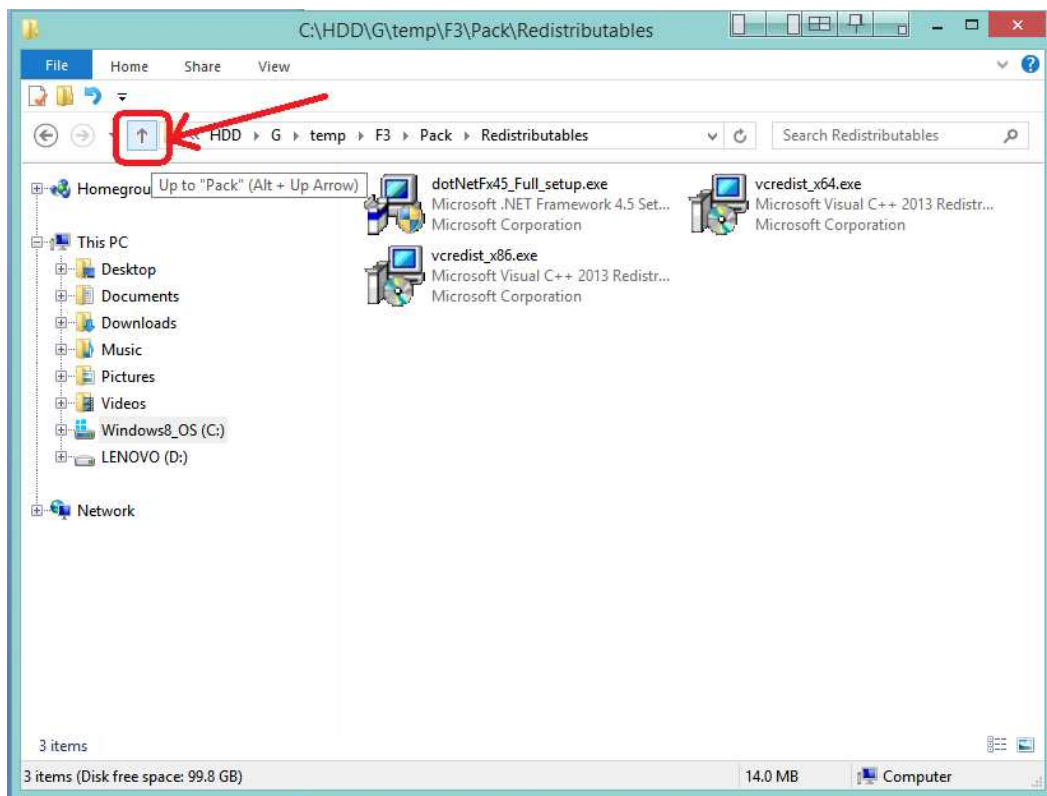

8. Open the “Redistributables” Folder, the following files will be available

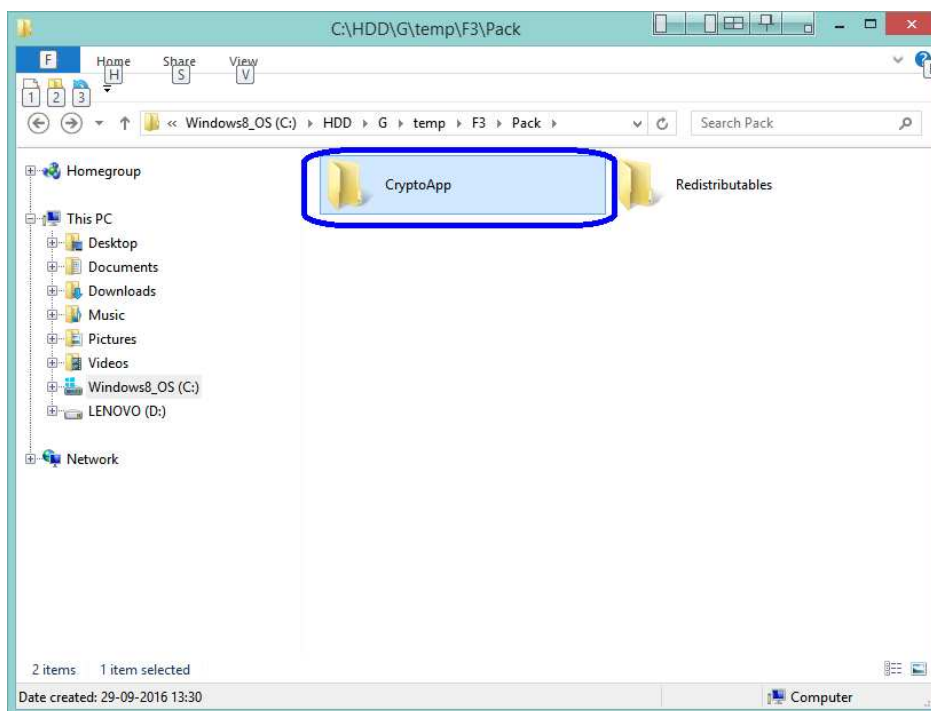

9. Install above programs one by one, by double click on the icons

[Note: Please “**Do not worry**” if any of “vcredist_x64” or “vcredist_x86” fails to install]

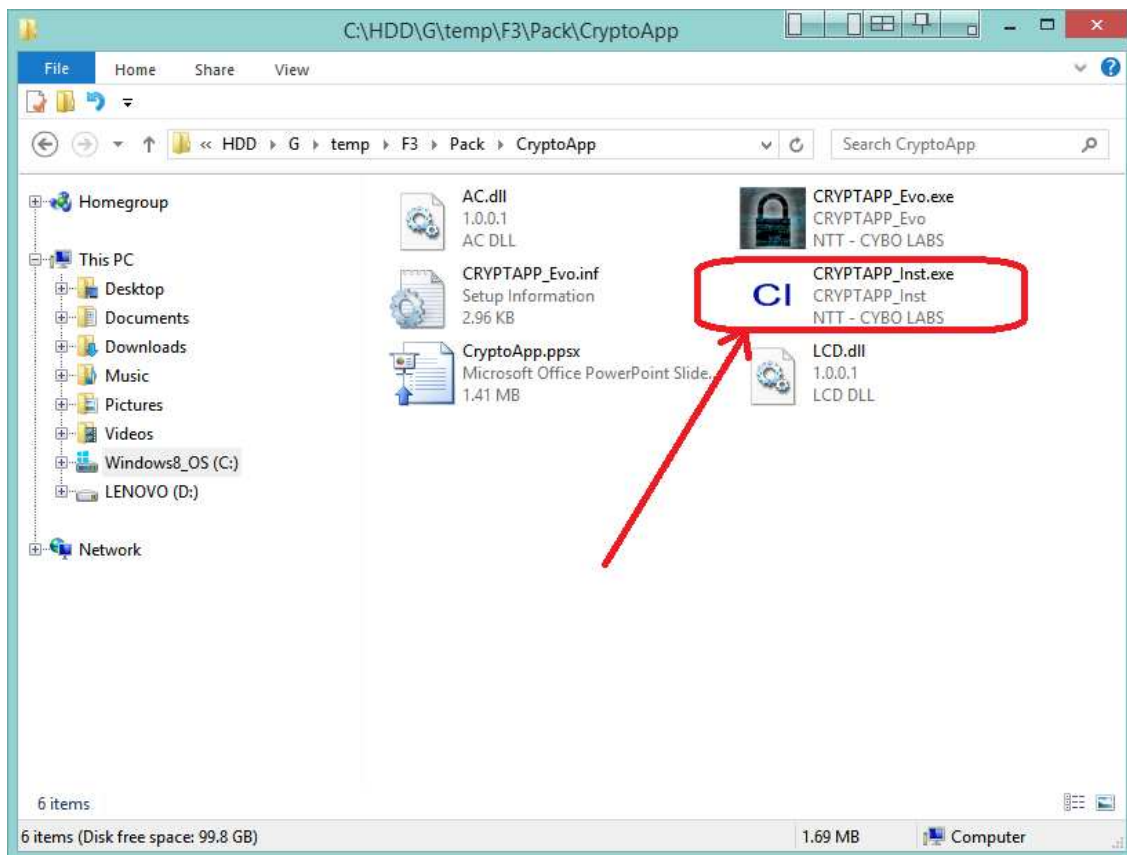

10. After installing above files, come back to the PACK folder by clicking UP button as follows

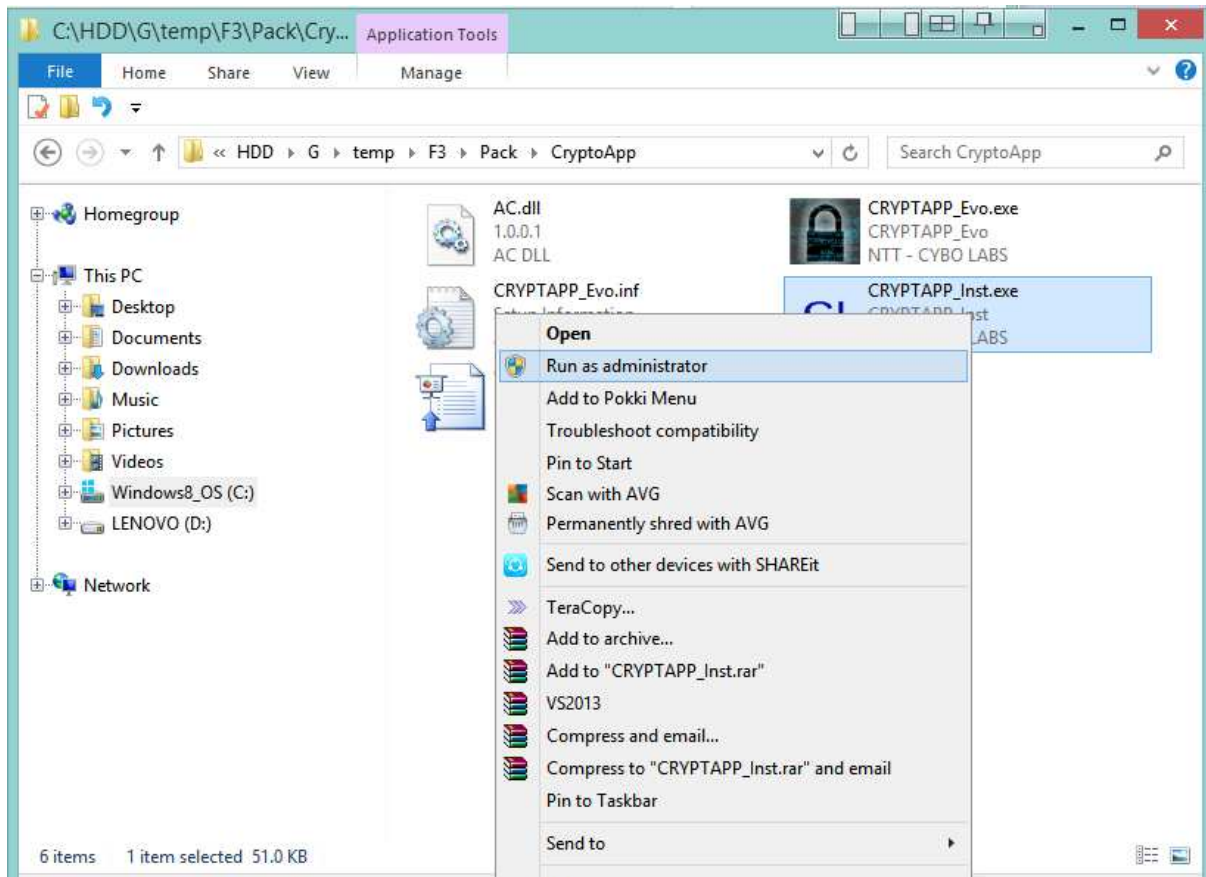

11. Now double click and open CrptoApp folder

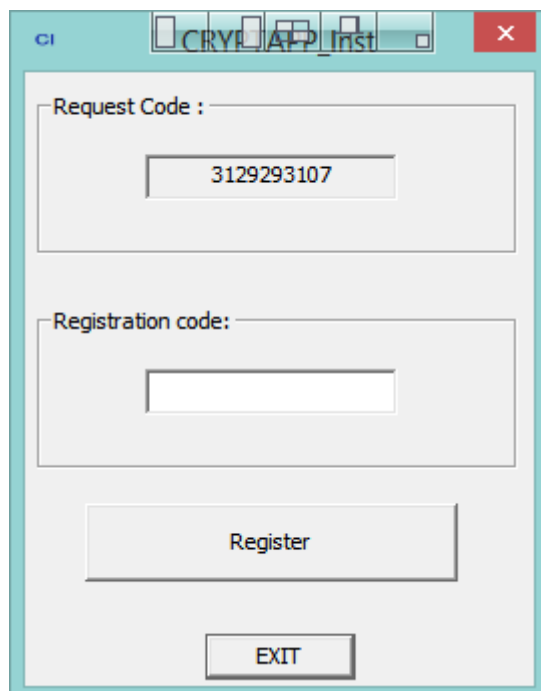

12. CryptoApp Installer will look like as follows

13. Right-Click “CRYPTAPP_Inst” program and select “Run as Administrator” as follows

14. Program will show a **request code** as follows

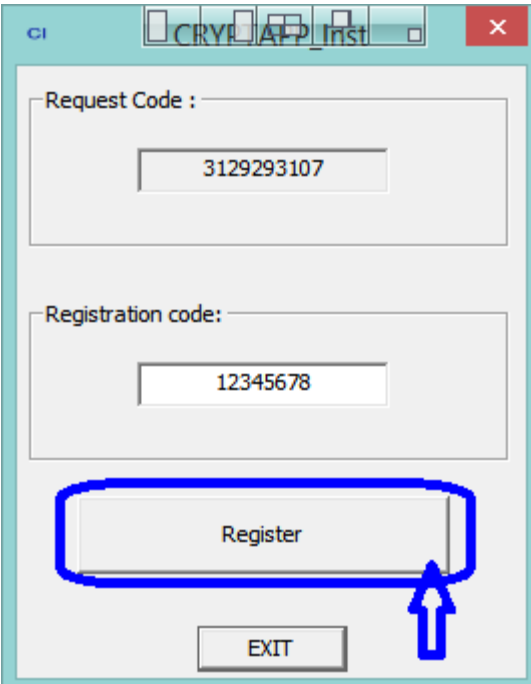

15. Communicate the **software vendor** and confirm the request code like “3129293107” (**this number may be different in your computer**)

16. **Software vendor will supply a Registration code**, enter it as follows

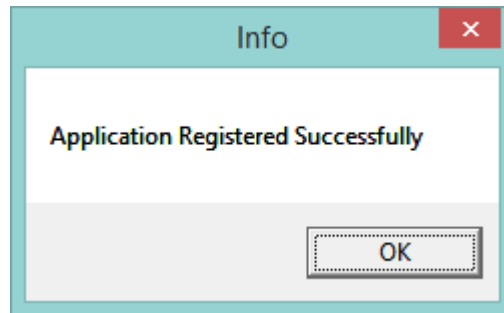

A screenshot of a software registration dialog box titled "CRYL AFP Inst". The dialog has a light blue border and a red close button in the top right corner. It contains two input fields: "Request Code :" with the value "3129293107" and "Registration code:" with the value "12345678". The "Registration code:" field is highlighted with a blue rounded rectangle. Below the input fields are two buttons: "Register" and "EXIT".

17. Then click “**Register**” Button

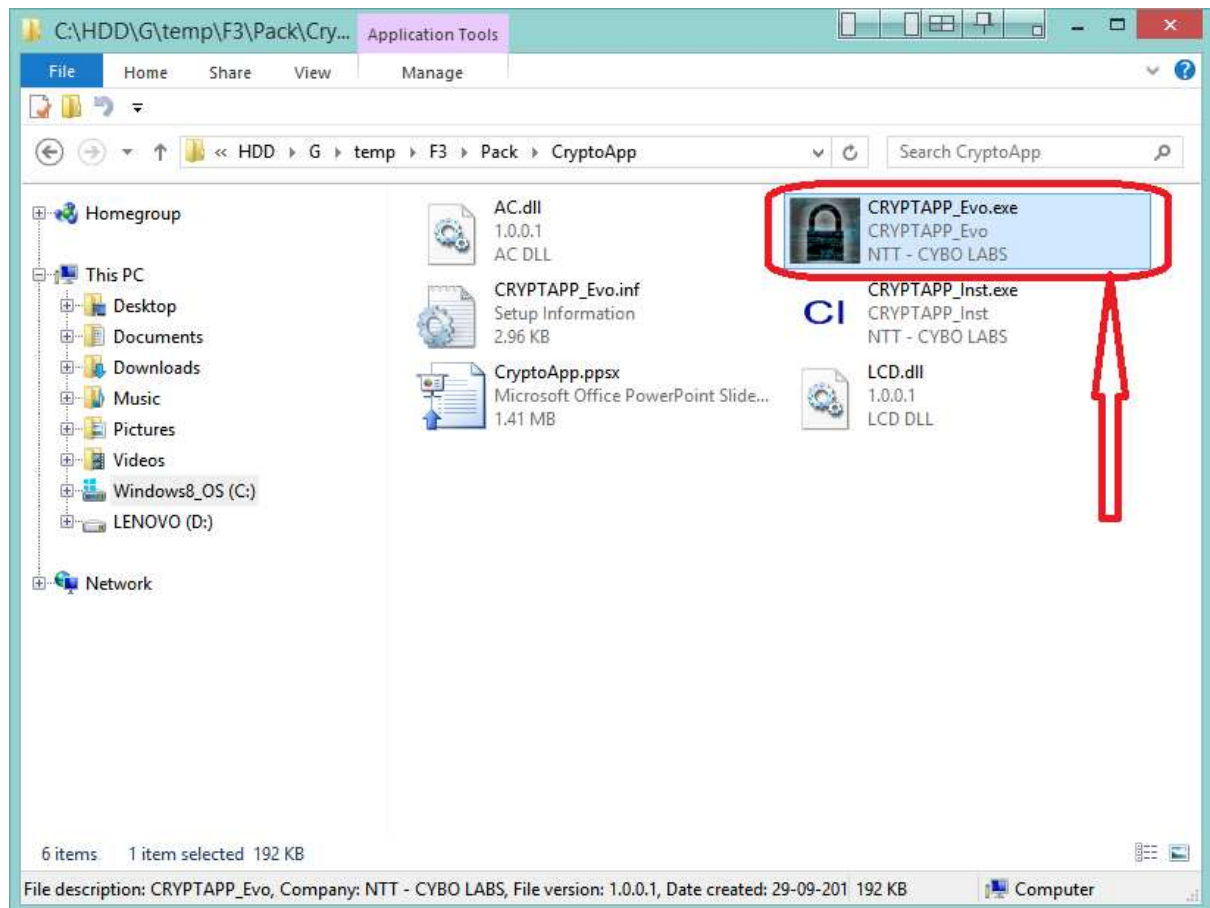

A screenshot of the same software registration dialog box. The "Request Code" and "Registration code" fields are filled with "3129293107" and "12345678" respectively. The "Register" button is highlighted with a blue rounded rectangle, and a blue arrow points to it from the bottom right. The "EXIT" button is visible below it.

18. Registration Confirmation Message will be as follows

19. Then CryptoApp application can be run by double-clicking on the file

20. Follow the [video demonstration](#) supplied by Software vendor to use [CryptoApp](#) Program
